## WHO IS BUBBA?

DJ Bubba, a name who left his indelible traces in the contemporary national club scene. He is well known for his turntable skills, his notoriously rebellious dissolute lifestyle and especially as a dedicated deejay. Bubba does not want to be labeled for one particular musical style, he loves to explore the rich variety of dance movements and always aims for the best during every gig. Whether it's a grand café, student party, club, festival or company event, his audience is the most important at any time. With Bubba playing, no dancefloor is safe anymore. You better get ready to rock!

Music plays a major role in every single person's life. Consciously or unconsciously, scarcely any of us can imagine a life without high and low tones and waves of sound. Music has played a major role in the life of Alexander Buvac, alias Bubba, since the age of three. He was born in Malmö / Sweden, and from his earliest childhood he was unable to keep his fingers off either radios or record players. The result was that he quickly learnt to use technical aids in a professional manner.

In 2008, during a deejay competition in Sweden, he first experienced the powerful feeling of playing house music to a large audience. From now on, all his interests turned completely to deejaying. He was to become inspired by the birth of electronic music in its widest variety. This music began to shape his life, allowing him to play some truly memorable gigs, cool underground parties, find interesting tunes and see the world into the bargain.

Since he started he got to share playing time with many big artists, such as Norman Doray, Dabrock & Klein, Ian Carey, John Dahlbäck, Sander Kleinenberg, Smokin' Jo, Darwin & Backwall, Lunde Bros and Alex Moreno. Bubba has been making a name for himself as a DJ for quite some years now.
